

# How do I obtain the full text of a journal article?

You can search for journal articles, conference procedures etc. using the Knowledge Hub which can be accessed via the library [webpages](https://www.wuth.nhs.uk/choose-us/for-library-and-knowledge-services). ( <https://www.wuth.nhs.uk/choose-us/for-library-and-knowledge-services>).

To get to the hub and access locally purchased resources, as well as NHS Core Content, please **click on 'Search'**.

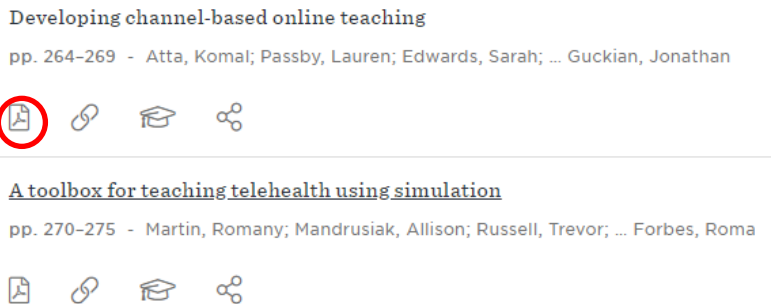

On the following screen **click on the yellow bar at the top of page** and enter your Open Athens username and password. (Please note if you do not have an Open Athens username or you have forgotten your password, please contact a member of library staff or alternatively use this URL to register <https://openathens.nice.org.uk> ).

Within the Hub there are **three ways** you can access full text of articles:

1. **'Browse Journals'** to see the titles we provide access to.

- Search by subject, speciality or title
- Click on the image of the journal you would like to browse
- Select the volume and issue you would like to browse
- To read an article click on the PDF symbol to download the full text.

2. **'Journals A-Z'**

- Enter the title of the journal you are looking for (or search by subject). The entry for the journal will look this:

## The Clinical Teacher

ISSN: 1743-4971; 1743-498X  
Subject (Medical): Medicine and Health Sciences -- Education
