

WIRRAL DIABETIC EYE SCREENING SCHEME

Slit Lamp microscope list

The Optician will put drops in your eyes, which may blur your vision for some time. We recommend that you **DO NOT DRIVE** to your appointment with the Optician.

Area	Company	Address	Phone	
WIRRAL NORTH EAST				
Wallasey area	Fred Howard Opticians*	40 Wallasey Road <u>Liscard</u> CH45 4NW	0151-630-0066	
WIRRAL SOUTH EAST				
Bromborough	The Eye Works*	128 Allport Road <u>Bromborough</u> CH62 6BB	0151-343-0044	
WIRRAL NORTH				
Upton	The Eye Works*	1 Arrowe Park Road <u>Upton</u> CH49 0UB	0151-677-2133	 ★
Moreton	R. Millican***	2 Chadwick Street CH46 7TE	0151-677-3402	 ★
WIRRAL WEST				
Pensby	Fred Howard Opticians**	403 Pensby Road <u>Pensby</u> CH61 9PF	0151-648-1182	

A slit lamp examination for diabetic eye disease is required (instead of using the digital camera) because we could not get a clear view of the back of your eyes using digital photography

Diabetic eye screening helps to prevent sight loss

For weekend appointments

* Open Saturday mornings

** Open Saturday afternoon

*** Open allday Saturday

Open alternate Saturdays

Further information for wheelchair users :

 ★ Wheelchair users can be pushed up to the camera
