Parking Guidance for St Catherine's Health Centre

Staff are reminded of the parking arrangements at St Catherine's Health Centre, where the patient and visitor car park is monitored and enforced by an external parking company.

Visitors can park for a maximum of three hours, and the parking rules are clearly displayed throughout the site. Further information is available on the WCHC website.

If a penalty charge notice (PCN) is issued, any challenge must be made directly through the appeals process outlined within the correspondence received from the parking company. The WCHC Estates team cannot dispute, cancel or intervene in any PCN, and the parking company will not accept appeals made on their behalf.

Please remind colleagues, patients and visitors of the restrictions to help avoid unnecessary penalties. Anyone wishing to appeal a notice should retain any evidence that supports the case they followed the correct procedure.

We also ask that staff treat Estates colleagues with respect. Abuse towards the team is not acceptable under any circumstance.

Thank you for helping us maintain a safe and respectful environment for everyone using the site.
