

Date: 16th April 2026

Generator testing across sites in April

Colleagues are advised that generator testing will take place across Trust sites on the following dates:

- **Microbiology Labs, Bromborough**
Wednesday 15th April from 8.30am
- **Arrowe Park Hospital**
Thursday 16th April from 6am
Please note that T1 will also be tested between 6.30am and 7.30am as part of preparatory work
- **Clatterbridge Hospital**
Saturday 25th April from 5.45am

During testing, there may be brief interruptions or changes to the power supply.

Departments are asked to ensure that any sensitive equipment is appropriately prepared in advance.

For further information, please contact Timothy Withers on t.withers1@nhs.net.
