

**Date: 21<sup>st</sup> May 2026**

### **NMC Consultation on practice learning and education**

The NMC are consulting on nursing and midwifery education standards, with a focus on practice learning. This public consultation is open for 12 weeks from 30th April to 23rd July 2026.

NMC have been reviewing practice learning for nurse, midwife and nursing associate students since January 2024 so that the requirements continue to enable students to gain the knowledge, skills and adopt the behaviours they need, in safe, inclusive practice learning environments. This consultation forms a key part of the review.
