Manager Essentials Programme - places still available

Places are still available on the Manager Essentials Programme Cohorts 18 to 20.

This programme supports colleagues with people management responsibilities to build confidence and understanding in key areas such as human resources, finance, risk and Trust processes.

It is particularly suited to those new to management or new to managing at WUTH, but also offers a useful refresher for experienced managers.

For dates, further details and the application form please click [here](#).
